

IN THE SPECIFICATION

Please replace the paragraph beginning at page 3, line 23 and ending at page 3, line 30, with the following rewritten paragraph:

Here, the refill information is information indicative of occurrence orders of refill in the ways. For example, when two ways exist, if the way refilled immediately before is “0”, it is assumed that “0” is stored in the refill information storage 5. If the way refilled immediately before is “1”, it is assumed that “1” is stored in the refill information storage 5.
~~in the refill information storage 5~~ This is only one example.
